IT STARTS WITH A VISION

“It starts with a vision” is more than a motto, at HDA Architects it’s the philosophy we live by.

In 1986, Jack Holleran, President, envisioned a professional service firm providing creative and timeless design with exceptional customer service. Our staff provides architecture, interiors, and master planning services across these diverse sectors: Beverage, Multi-family & Hospitality, Retail & Commercial, Office, Interiors, and Distribution & Warehousing.

Over the last 30-plus years, we have designed over 100 million square feet nationwide, totaling more than \$3 billion in construction costs and completed over 250 projects in more than 40 states.

BEVERAGE

HDA Architects is an authority on beverage distribution facility design and functionality having worked with over 150 Beer Wholesalers nationwide. Our vast experience of 20-plus years working directly with Beverage Wholesalers on new facilities, expansions and renovations ensures your facility will be designed to maximize your investment, control your costs and provide for the future growth of your business.

“The knowledge, experience, and energetic spirit of your staff continues to impress us.”

Dell Boothe | VP & General Manager
Capitol Wright Distributing

MULTI-FAMILY & HOSPITALITY

Each Multi-family & Hospitality project has a new beginning that is specific to that client's vision as well as the environment in which it is developed. Our projects are known for their design integrity and for their functional value. We are consistently evaluating and redefining our approach in an effort to keep pace with the ever-changing world of Multi-family & Hospitality design.

“ Their design capabilities and team of consultants helped us streamline the process of meeting an aggressive budget and timeline. ”

Chris Lynch | Principal | White Oak Realty Partners

“ The professionalism of HDA can be seen in the fantastic facility their vision helped us create... the facility is both beautiful in design, yet remained functional and efficient. ”

Michael Smith | VP - COO | Mercedes-Benz Progress Point

RETAIL & COMMERCIAL

HDA Architects has designed some of the region's most cutting edge and recognizable structures. A carefully detailed and timeless design can directly affect a company's position in the marketplace, and its ability to attract and retain the best employees. We understand that the shopping experience starts at street level, and pulling shoppers into your establishment will involve design elements that include lighting, color, accessibility and flexibility. To achieve these results, we work closely with our clients to determine the optimal design solution.

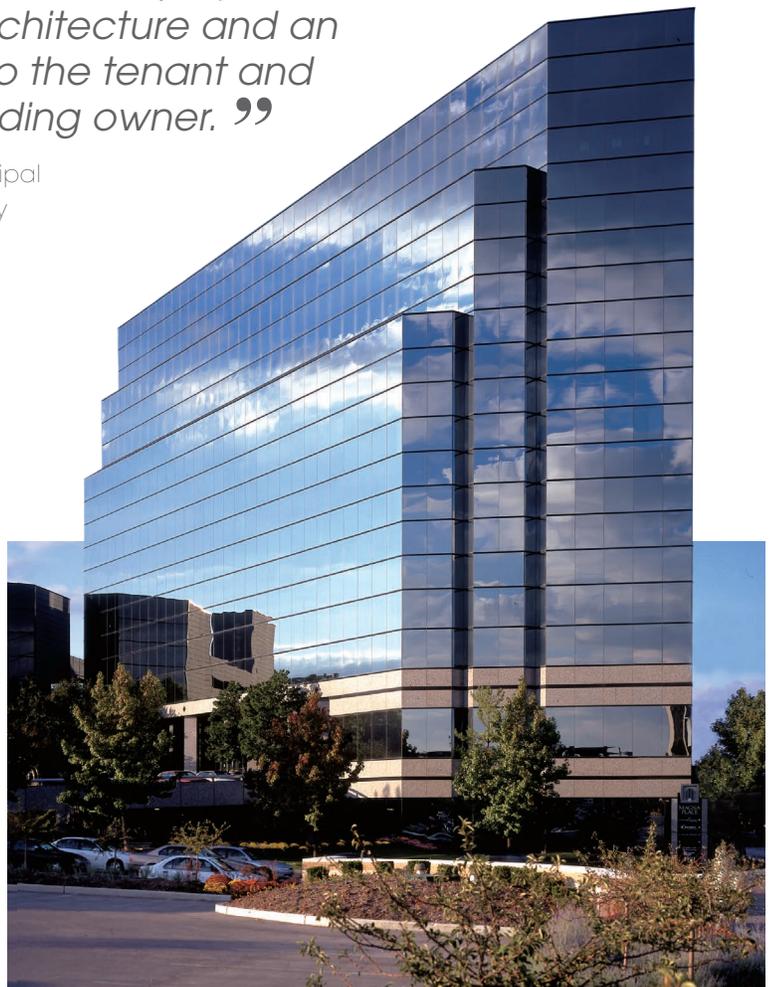

OFFICE

The offices of any corporation are a symbol of the company in the eyes of many. HDA Architects specializes in assembling a highly-committed team with expertise across a wide array of office types. We are committed to providing our clients with office spaces that are aesthetically pleasing, functionally appropriate, and that are completed within an adequate time, budget and within scope.

“ We are very happy with the design of our project. The building combines attractive architecture and an efficient design that is appealing to the tenant and TOLD, the developer and building owner. ”

Gary Dreher | Managing Principal
TOLD Development Company

“It has been a pleasure working with HDA Architects. They handled the interior design and furniture selection, which gave more time to our people to concentrate on business.”

Kevin Burke | President | Burke Beverage, Inc.

INTERIORS

HDA Architects can design a flexible work environment that enhances specific business activities and improves overall productivity. Our interior design services have gained us national recognition across a wide range of commercial projects. We've learned to merge our classic style with today's rapidly-changing market to give our clients innovative designs that meet the demands of their customers.

DISTRIBUTION & WAREHOUSING

HDA Architects has a team of established experts across the distribution and warehousing industry who understand the logistical challenges of working within this space. We understand the ultimate goal of any project is to optimize warehousing functions, efficiency, and space utilization. By applying the best practices acquired through hundreds of projects, we get the best possible outcome that works logistically, within budget, and within the original scope of the project.

“ They brought a lot of knowledge to the table having designed so many beverage facilities. They definitely helped us design a facility that is ready for the future. ”

Bill Falkenhagen | CFO
Del Papa Distributing Company, LP
